

Accessibility Statement

This website is run by the Council. We want as many people as possible to be able to use this website. For example, that means you should be able to:

- Zoom in up to 300% without the text spilling off the screen
- Navigate most of the website using just a keyboard
- Navigate most of the website using speech recognition software
- Listen to most of the website using a screen reader (including the most recent versions of JAWS, NVDA and VoiceOver)

We've also made the website text as simple as possible to understand.

AbilityNet has advice on making your device easier to use if you have a disability.

How accessible this website is

We know some parts of this website are not fully accessible:

- The text will not reflow in a single column when you change the size of the browser window
- You cannot modify the line height or spacing of text
- Most older PDF documents are not fully accessible to screen reader software
- You cannot skip to the main content when using a screen reader

This Council is committed to making its website accessible, in accordance with the Public Sector Bodies (Websites and Mobile Applications) (No. 2) Accessibility Regulations 2018.

Content that's not within the scope of the accessibility regulations

PDFs and other documents

Some of our PDFs and Word documents are essential to providing our services. For example, we have PDFs with information on how users can access our services, and forms published as Word documents.

The accessibility regulations do not require us to fix PDFs or other documents published before 23 September 2018 if they're not essential to providing our services.

Any new PDFs or Word documents we publish will meet accessibility standards.

Live video

We do not plan to add captions to live video streams because live video is exempt from meeting the accessibility regulations.
